

Moving Out Checklist

One month before your move

- Clean out your closets, basement and garage. Donate unused items to your favorite charity or have a garage sale to help pay for some of your move.
- (Can't decide whether to sell it or move it? Consider how much you could sell it for versus what it will cost to ship it.)
- Get packing supplies; tape, boxes, tissue paper, bubble wrap, markers.
- If this is a big move, start packing items of no use prior to your move. Pack up things like photo albums, books, and seasonal decorations.
- If you're packing items that will go in storage, make itemized lists of each box and its contents.
- Start a log of moving expenses and keep all your move-related receipts. Some items may be tax deductible.
- Find a reputable mover. If you're hiring professional movers get written estimates from at least two moving companies; include their written commitment of pickup and delivery dates. Ask for and check references. Check the limits of insurance they offer and whether or not it covers replacement costs. Purchase additional insurance if you need it.
- Arrange to transfer your household insurance to your new home.
- Advise regular trades people (gardener, housecleaner, pool service) if you're moving out of their service area. Look into services for new home.
